

## NEW HISTORICAL CULINARY EXPERIENCE

### FROM FIELD TO FORK ~ A CULINARY JOURNEY

Experience an unparalleled feast for the senses. As you visit the First Nations encampment and our historic gardens and farm, you will encounter First Nations people, traders and early settlers. See them living off the land, gardening and farming. Get to know the multitude of ways in which those who came before us sustained themselves while at the same time, worked to grow the west.

This experience includes the opportunity to take a taste of the good things we grow.
