

LIVING HISTORY SCAVENGER HUNT

GRADE K-2 INSTRUCTIONS FOR TEACHERS

PLEASE READ – IMPORTANT INFORMATION

We have the following suggestions to help make your day at Heritage Park an enjoyable learning experience.

-  Please ensure that all adult supervisors receive their scavenger hunt questions and answer key. They cannot be provided at the Park.
-  **You will be required to follow all COVID-19 protocols. Be sure to social distance and wear masks in high traffic areas and to follow directional signage where applicable.**
-  Customize the scavenger hunt to fit the ability of your group and the time you have available. For instance, you may choose to have groups find five or ten of the twenty pictures, or you may want them to find all of them. This is entirely up to you. **Consider how much time you have and what you wish to accomplish before your visit. Communicate this to all adult volunteers.**
-  Keep in mind time needed for lunch and for free time you wish to include in your day. If you want all your students to come together for lunch, pick a central area to meet.
-  You are searching for items located in all areas of the Park. It does not matter where you begin the hunt, but we do suggest you find all the items in a particular area before moving on. For instance, finish exploring the Settlement and finding the items there before going to the ranch. The Park is large so it is necessary to be organized in your approach to the hunt.
-  Completing the scavenger hunt is secondary to exploring the Park and learning about early life in Western Canada. The focus should not be to get the answers and run to the next site. Students are welcome and encouraged to explore each area completely before moving on. The hunt is just a sampling of each area so there is much more to explore.
-  **All the locations can be found on the answer key provided.** Park interpreters are there to assist but not to give the answers. Nor should the answer be given to them by the adult volunteer until the students have attempted to do so first.
-  A Park map can be found on our website <http://www.heritagepark.ca/plan-your-visit.html> or picked up at the Park entrance. A map will be necessary to completing the Scavenger Hunt in an efficient and timely manner.

We hope you enjoy the Park and learning about the exciting and interesting history of Western Canada!

LIVING HISTORY SCAVENGER HUNT

GRADE K-2 ANSWER KEY

The items you are searching for today will be located outside so there is no need to go into any buildings to find them. This scavenger hunt does not need to be done in any particular order, but it will be easier to do the hunt in sections. For instance, find all the items in the Settlement before moving onto the Village. The key below gives you the section of the Park where the items can be found, as well as map numbers to help locate them. **Please follow all COVID-19 protocols and watch for directional signage.**

**For the best experience, let the students find the items themselves.
Park interpreters are there to assist, but not to give the answers. Enjoy your day!**
