

PAVILION OF HISTORIC (FABRIC)ATION

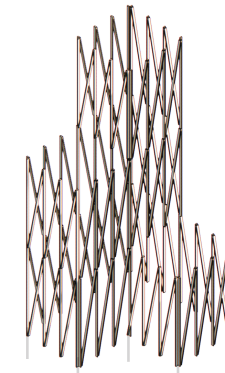

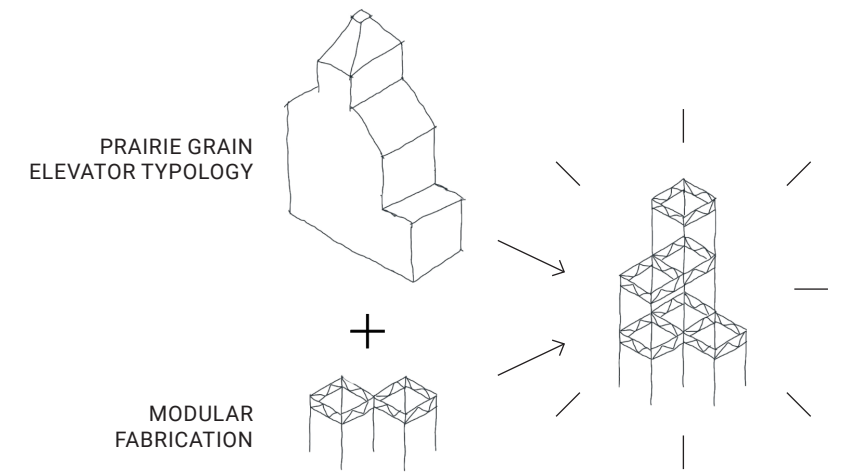

PLAN VIEW

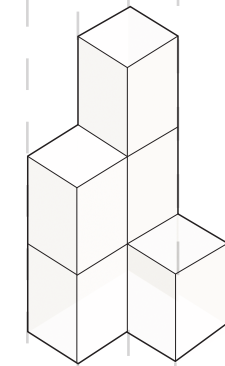

SECTION VIEW

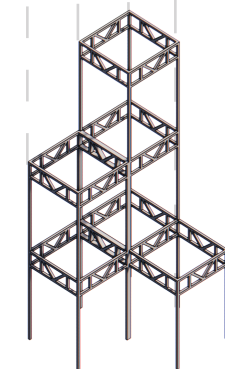

CIRCULAR MATERIALS LIFECYCLE STRATEGY

**DIMENSIONAL LUMBER**  
Re-use: form-work on construction sites

**ENVELOPE**  
Re-use: panelling for greenhouses

**SCAFFOLDING**  
Rented and to be returned to construction sites

← For potential programming in the evenings, the pavilion will use solar to provide its own energy, bringing the structure to life in the dark winter landscape.
