## GROUP ACTIVITIES

### SNAPSHOT SCAVENGER HUNT

Let your guests get out and stretch their legs with this interactive group activity. Teams will put their historical knowledge to the test as they solve riddles about our buildings and artifacts, then snap a photo of the answer. Our Snapshot Scavenger Hunt will engage your guests both physically and mentally as they race against time to find the most answers. Your guests will appreciate the chance to see the Park and will leave with some new knowledge of the past!

### COFFEE BREAK PITCH

It's recess! Mosey on over to the Weedon School playground for a self-directed old-fashioned game of horseshoes or quoits (ring toss onto a vertical pole, similar to a horseshoe post). One horseshoe pitch is located in the playground and quoits can be set up nearby. Quoits can also be played indoors and can be set up in your catering venue.

### PLAYTIMES AND PASTIMES

Remember those traditional outdoor games — Bocce, Three-Legged Races, Sack Races, Egg and Spoon Races? A crate of equipment will be delivered to your venue for you to enjoy these self-directed activities at your leisure.

### HERITAGE SCAVENGER HUNT

Develop teamwork and sportsmanship skills. This brain-teaser scavenger hunt is a fun way to discover our living history museum while uncovering historical facts about life in the early west. The team that completes the most correct tasks/answers in the required time limit will be heralded the winner. Prizes for the winning team.

## GROUP TOURS

### HERITAGE PARK PRIDE TOUR

Experience what life was like in western Canada in the early 1900s. Walk through the streets of our historic town, hear the tales and tour some of our authentic exhibits such as the one room schoolhouse, the church and a grand historic home. One-hour guided walking tour.

### GHOST TOURS

Is Heritage Park haunted? Draw your own conclusion as you experience a one-hour guided walking tour of some of our more fabled, notorious, and noteworthy exhibits. Get a glimpse of the history of these buildings, their famous past residents, and those who have been reputed to have made ghostly appearances. When history comes alive, so does your imagination.

# Live Music

**Let's face it, your event**—be it a wedding, a corporate celebration, or an intimate cocktail event in the Famous 5 Centre—has a lot of moving parts. The LAST thing you need is a musical component that's inflexible. Your event should have a musical component that is responsive and professional to work with.

## **That's One Nite Band**

Most of all, you want a musical experience that sparkles, that's both the cherry on top and the soulful cake.

The LAST thing you need is a hassle, or same ol' same.

Available through the entire year, we can provide a number of performance groups:

- Soloist piano (with or without vocals) and guitar
- Duos (piano or guitar with a vocalist)
- Lounge trio (piano, bass, guitar)
- 5/6-piece event band
